Monroe Floyd's Obituary.

It is our sad duty to record the death of Mr. Monroe Floyd of near Blackburn. While feeding a sorghum mill last Wednesday his clothing caught in the mill and he was so badly injured he died from the effects Thursday Oct. 26.

Mr. Floyd was one of our oldest and most respected citizens. He was born near Sumners, Ky., and moved to Missouri in 1872 and to the home where he died in 1873.

He was married to Miss Dollie Cain July 5, 1867. To this happy union eight children were born: John, who lives in Oklahoma; Mrs. Margaret Cox and Earnest who reside in Kansas City; Andy of Jefferson City; Al of Chicago and Carl who resided with his parents at home. Their youngest daughter Nellie, whose married name we failed to learn lives in Charlottesville, N. C. And little Nannie having gone on to the better land in infancy.

Mr. Floyd was a staunch Christian having joined the Baptist church when a boy of seventeen. He was moderator of Old Salt Pond church for twenty-five years. He was a Mason of high standing having passed the thirty-second degree. His funeral was preached at the M. E. church by his pastor J. E. Norvell to a large congregation of relatives and friends and his remains laid to rest in the Blackburn cemetery with Masonic honors.

To the bereaved wife who has walked by his side so happily for so many years to the sorrowing children do we offer the tenderest love and sympathy and can but point them to the Lamb of God that will take away all sorrow. While father is gone we know he has only passed on the other side a little before to wait the coming of his loved ones.

A loving one from us is gone, A voice we loved is still, A place is vacant in our home, That never can be filled, God in his wisdom hath recalled, The boon his love had given, And though the body moulders here The soul is safe in heaven.

Teachers' Institute

The Saline county Colored Teachers Institute met in the Lincoln School, Marshall, Prof. E. F. Hayden called the Institute to order at 10 o'clock Thursday, Oct 19th with fifteen teachers present.

Prof. Hayden was elected chairman and Miss L. Wright of Marshall was elected secretary. An expression from all the teachers was indulged in. Mrs. I. Anderson presented a paper on "How to beautify and care for school grounds." The secretary read a very excellent paper on "How to teach arithmetic in primary grades." Most all the teachers discussed this paper and many excellent points were brought out.

Prof. Wright of Matla Bend came forward after noon with a paper, "How to teach spelling." This was a very interesting subject so it was very ably discussed by many of our teachers. Prof. Wm Hobbs read a carefully prepared paper on "School Management." It was enjoyed by most all the teachers.

Prof. R. O. Green, of Miami, read quite a good paper on "Alternation of Language and Grammar. It was freely discussed by all.

At 8 o'clock quite an appreciative audience assembled at the North Street M. E. church to hear Pres. Dr. J. H. Garnett of Macon City, the president of Western college. This proved to be a very strong address indeed.

Friday morning Prof. F. R. King read a paper "How to make 7th grade Geography attractive." The paper was a good one. J. H. Garnett was introduced. He again made some good remarks. He seems to be a live wire along educational lines. Prof. Lynch was present and suggested "Blest be the tie that binds." After a very fervent prayer by Prof. Garnett, he said good-bye and expressed himself as being delighted with his visit to Marshall. Prof. C. D. Walls came forward with the subject "How to teach agriculture in the rural school." Many good points were brought out. Prof. J. H. Kenner was introduced to address the Institute. He made a strong plea for thorough mastery of teaching. Riches does not consist in money but rather in doing good deeds. Then the teachers Institute sang "God be with you till we meet again." Thus closed one of the best institutes held in this county.

Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." Vaughan's House Burned

The residence of Mr. and Mrs. Jas. F. Vaughan was destroyed by fire about 10 o'clock Friday morning. The fire started in an upper room, catching from the pipe of a heating stove which passed thru a heater in this room.

Mrs. Vaughan was alone at her home when the fire started. She had been busy in the kitchen preparing to get dinner. In passing through the rooms she noticed the presence of smoke and at once began to look for its source. Upon starting upstairs and opening a door, she was met by a rush of smoke and flame that burned her face and singed her hair. The fire was under good headway. Her efforts to summon help were hindered by her excitement and the failure of neighboring telephones to work. When, at last, help came from town, the building was too far gone to be saved. All the beds and bed clothes and the clothing of the family, which were kept upstairs, were destroyed. The daughter, Miss Laura Lee's room was upstairs and all of her books, her clothing and many of the gifts she treasured from her graduation were destroyed. All of the furniture from the lower rooms was saved.

Mr. Vaughan had \$1000 insurance on the house and \$400 on the contents. This will cover but a small part of the loss.

The Vaughan residence was one of the landmarks of the town and the countryside as well. Since the early '60's this house has stood crowning a prominent ridge of the bluff. In the '80's the late David Vaughan remodeled the house and added the second story.

As boy and man, J. F. Vaughan had lived nearly all his life in this home. To it he brought his bride and there his family of sturdy boys and a worthy daughter have been reared. 'Tis a merciless stroke that sweeps away the associations of years and leaves in their place only blackened stones, dead embers and cherished recollections.

Mr. Vaughan has rented the Saufley property on College street and will move his family there in a few days.—Miami News.
